Choose Your Ride

Each car has a strength and a weakness. Every car's stats add up to 12, so no car is simply the best.

Formula

The Speed Demon

+ Strength

Highest top speed, unbeatable on long straights.

- Weakness

Slow off the line and slides wide on tight turns.

Top speed	5
Acceleration	2
Handling	3
Weight	2

Sports

The All-Rounder

+ Strength

Balanced everywhere, easy for new players to pick up.

- Weakness

Doesn't beat the others at any one thing.

Top speed	3
Acceleration	3
Handling	3
Weight	3

Hatchback

The Zippy One

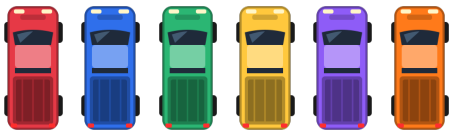

+ Strength

Quickest to speed up and the tightest turning.

- Weakness

Low top speed and gets knocked around in bumps.

Top speed	2
Acceleration	4
Handling	5
Weight	1

Pickup

The Tank

+ Strength

Heavy: shoves other cars aside and shrugs off hits.

- Weakness

Slowest to speed up and sluggish in corners.

Top speed	4
Acceleration	1
Handling	2
Weight	5

Tip: turn these into multipliers in code, e.g. maxSpeed = base * (0.8 + 0.1 * topSpeed). Playtest and tweak!
